Submission Guidelines:

Language:

We accept research proposals in either English or Arabic. Before submission, please ensure that your proposal is free of grammatical or spelling errors.

Plagiarism Policy:

To maintain ethical standards, we have a strict plagiarism policy. Proposals should be written in a clear and comprehensible style that avoids jargon, with all cited works fully referenced. Submissions may be screened for plagiarism using Turnitin software.

Note: While we understand that AI may be used to collect and analyse information, we will not accept proposals that have been written to a large extent by ChatGPT or any other AI platforms. Texts authored by AI will be discarded.

For inquiries, please contact womentakingthelead@elbarlament.org and cc dabbagh@elbarlament.org , dzay@elbarlament.org

We look forward to receiving your innovative research proposals and to working together towards climate and security solutions that are responsive to the needs of women and men in the MENA region!

Women Taking the Lead Team

Annex - A Research Proposal Summary Template

To assist applicants in crafting their submissions, we provide the following Research Proposal Summary Template. We recommend using this template to structure your proposal effectively and ensure it meets the project's goals and selection criteria.

Project Title: *[Enter the title of your research]*

Researcher(s): *[Enter your name(s)]*

Research Focus: *[Clearly articulate your main research question in one or two sentences]*

What is the central question or issue your research seeks to address? What themes does it engage with? And why is it an important research focus?

Context and Rationale: *[2-3 sentences highlighting the urgency and significance of the issue]*

Provide a brief overview of the empirical background relevant to your research. Why is this topic critical in relation to equality between women and men, climate change, peace, and security in Iraq or the MENA region?

Research Objectives: *[List 2-3 concise and measurable objectives that align with the overarching aims of the project]*

What specific goals do you aim to achieve with this research? How do these objectives relate to the project's themes and your research question?

Methodological Approach: *[1-2 sentences outlining a clear and practical methodology]*

Describe the research methods you plan to employ for the project. Why are these methods appropriate? And how will you effectively, and feasibly, collect and analyse data to ensure robust findings?

Expected Impact: *[2-3 sentences on the groups your research will impact]*

Explain how your research will contribute to policy advocacy and influence decision-making processes in Iraq / the MENA region.

Proposed Timeline: *[include a short and realistic timeframe]*

Outline the timeframe for your research activities, including key milestones and deadlines.
